

## Trading Updates

By: Ethtrade.Club Trading Team

Date: April 22, 2018

Here are some of our trading report for last week. As we all knew Ethtereum (ETH) reached over \$625.00 from its lowest price of \$400 for the last month and BITCOIN (BTC) reached more than \$9,000 from \$6,000.00 last month. While some ALTCOINS (alternative coins) gain more than 25% this past few weeks. We as a ethtrade traders did a lot of jobs to hustle and gain profit last week.

### XRP/ETH

Traders bought with pair of 0.00130410ETH and 0.00141000ETH and sold it with the price of 0.00138100ETH and 0.00145000ETH that gave us 5.81% gain.

Date	Pair	Type	Side	Avg	Price
04-20 13:00:06	XRP/ETH	Limit	Sell	0.00145000	0.00145000

04-17 21:38:07	XRP/ETH	Limit	Buy	0.00130410	0.00130410

### ETH/USDT

We also have a good pair with Ethereum (ETH) and USDT that gave us 75% profit and bought it again with the price of \$601.09. We are predicting that ETH will gain more.

Date	Pair	Type	Side	Avg	Price
04-22 00:58:57	ETH/USDT	Limit	Buy	601.09000000	601.10
04-20 21:34:20	ETH/USDT	Limit	Sell	589.10000000	589.10
04-19 15:34:34	ETH/USDT	Limit	Buy	533.38000000	533.38

### ETC/ETH/BTC

We also bought ETC using ETH and sold it using BTC which gain us 0.58% because of BTC's gain at cryptomarket.
